

LUXURY INCLUSIONS

Preliminary Estimate

QLD's Largest Custom Home Builder

HOMES by CMA

Preliminary Estimate

16/02/2026

Deposit date:

Client: Siva Inturu & Jayasri Boppudi

New Home Consultant: Jules Davis

Job Address: Lot 74 #23 Bentham Street, Mt Gravatt

House Type and Size: Santorini 331 - Modified

Specification: Luxury Inclusions 2026

Land Registration Date: KDRB

Job ID:

**** HOMES by CMA Price Lock Guarantee**

The base house price is locked in for a total of 238 days*.

At 238 days* from initial deposit, your build must be 'Site Start Ready' meaning CMA have access to the following:

- 1: Finance approval or evidence of funds,
- 2: Proof of land ownership,
- 3: Covenant approval (if applicable),
- 4: Building approvals and
- 5: Lenders authority to commence construction (if applicable).

If your build is not 'Site Start Ready' within 238 days*, CMA may review your base house price.

Contract must signed within 180 days of initial deposit.

NOTE: Changes to the footprint or size of the home could void the 238 day base price lock.

House Price:	\$567,500.00
Additional Inclusions:	\$225,853.40
TOTAL PRICE inc GST:	\$793,353.40

| 13 | Stepdown to Garage. | × |
| 14 | HSTP Systems and plumbing application associated with HSTP (if no sewer available). | × |
| 15 | Identification Survey (usually required in older existing areas). If an identification Survey is required, the construction cannot proceed until the survey is completed so that the house can be accurately positioned. | × |
| 16 | No Landscaping, Fencing Or Footpath Cut-Out. | × |

Important Notes

- | | | |
|---|---|---|
| 17 | If the client wishes to proceed, a <u>non-refundable</u> deposit of \$6,000 is required. | i |
| Once the HIA Building Contract is signed, All client requested Variations will incur a Variation Fee. | | |
| 18 | Variations after site commencement are generally not accepted due to scheduling and cost impacts. Exceptions will incur significant fees and delays. | i |
| 19 | If a product is discontinued and/or unavailable, the Builder reserves the right to provide a replacement product of similar quality and functionality without prior written notification. | i |
| 20 | When multiple colours are available from the Builders Range, only 1 colour and 1 type can be selected throughout the house. | i |
| 21 | Before Construction commences, the owner <u>must</u> provide HOMES by CMA with the following: 5% Deposit, Proof of land Ownership, letter of Unconditional Finance Approval, signed colour selection. Failure to provide those items will incur delays. | i |
| 22 | If not specified, all items are to be selected from the Builders standard range. | i |
| 23 | Due to workplace Health and Safety Regulations and Contractual Requirements (In Particular Clause 10.3 and 10.4), we request that the Owners only access the site under the guidance of our HOMES by CMA building supervisor. | i |
| 24 | Termite Control: Annual inspection is mandatory to maintain warranty and is to be carried out by a licensed contractor at the owners expense. The owner acknowledges that they have received a copy of the "QBCC Termite Management Systems" | i |
| 25 | Natural Gas service or connection fees are the responsibility of the owner. | i |
| 26 | The owners are responsible to provide a clear house site before construction commences (e.g.: leftovers from Builder next door must be removed). | i |
| 27 | It is the owners responsibility to water the lawn on a daily basis once the house has reached practical completion. HOMES by CMA will not be held liable for any dried turf. | i |
| 28 | The owners acknowledges that any complaint or associated issues in relation to the noise of Air-Conditioning units does not fall under the responsibility of the Builder. | i |
| 29 | Dimensions shown on a floor plan are frame to frame and do not include plasterboard or other wall/floor coverings. Heights dimensions are concrete floor to trusses. | i |
| 30 | No refund is given for soil classification less than "H" class. | i |
| 31 | Tiles laid in a brickbond or other decorative pattern will be priced and approved at the builders discretion. The tile setout and final patterns are at the Builder's discretion. | i |
| 32 | Electricity consumption during construction is to be paid by the owner. HOMES by CMA will arrange the connection in the owner's name. Water is to be paid by the owner during construction. | i |
| 33 | All items in the upgrade pages will be in lieu of or in addition to the items above. | i |
| 34 | Please note double storey upper windows will be restricted to have an opening less than 125mm or a security screen will be required if window is to be unrestricted. | i |

35	Base Price Lock	i
	At 8 months* your build must be 'Site Ready' meaning CMA need to have received your finance approval or evidence of capacity to pay received, proof of land ownership, covenant approval (if applicable), building approvals and lenders authority to commence construction (if applicable). If your build is not 'Site Ready' within 8 months*, CMA may review your base house price.	
	*This timeframe starts from the date the initial deposit is paid, and is inclusive of the additional 28 calendar days as per the HIA contract.	
	V0425	i

IMPORTANT

At HOMES by CMA, our aim is to provide our clients with a complete, **NO HIDDEN COST** package

In order to do this, we need you to provide all the information about your block of land:

1) Is your block affected by **SPECIFIC COVENANT REQUIREMENTS** ?

*New housing estates often have covenants that are applicable to the house that we have to follow.
These requirements can add extra costs to the build (e.g.: Lapped and Capped fence, etc.).*

2) Is your block affected by **ACOUSTIC REQUIREMENTS** ?

*Is the house close to a highway ? Train line ? Airport ? Etc.
Those requirements can add extra costs due to extra insulation, thicker glass, etc.*

3) Is your block affected by **BUSHFIRE REQUIREMENTS** ?

Is the house close to bushland ? If so you might have a Bushfire Report, in case you don't we will have to order a bushfire report.

4) Is your block affected by **FLOOD REQUIREMENTS** ?

Is the block in a flood prone area ? If it is the case, we will have to comply with minimum floor heights.

This means that the house might need to be raised, therefore it is important that we know the minimum height required.

5) Is your block affected by **ANY OTHER SPECIFIC REQUIREMENTS** ?

Character overlays, maximum building height, etc.

Thank You for Choosing Homes By CMA!

This preliminary estimate serves as an approximate estimation only and is subject to further costing by HOMES by CMA. It is important to note that the customer cannot accept this estimate as a contractual agreement.

Please be aware that this preliminary estimate is valid for a period of 3 days from the date stated on this estimate.
